Blueberry Hill

C7                   F                   C
I found my thrill on Blueberry Hill,              G7                      C                   C7
on Blueberry Hill when I found you                 F                        C
The moon stood still on Blueberry Hill,            G7                      C                   F                   C
and lingered un-til my dreams came true.

CHORUS:
G7                     C                     G7                   C
The wind in the willow played love's sweet melo-dy. Em              B7                    Em                   G7
But all of those vows we made were never to be.       C7                   F                       C
Tho' we're a-part, you're part of me still,                  G7                     C                   F                   C
For you were my thrill on Blueberry Hill
